Job order for Sri Lankan nurses

Dear Mister Wijesinghe,
Dear Sir or Madam,

We are happy to communicate that we would like to place a job order for Sri Lankan nurses to be deployed to Germany.

Our clients are elderly care centres and hospitality in Germany that will conduct a recognition process in order to obtain a full professional recognition of Sri Lankan nurses with the job title "Pflegefachkraft" which is the official job title for nurses.

Before full recognition nurses will be employed as assistant nurses "Pflegehilfskraft" with the same salary as German assistant nurses.
After recognition Sri Lankan nurses are paid the same salary as German nurses.

In order to ensure a smooth deployment we usually recommend at least a B1 language certificate from an ALTE-registered exam institution like e.g. telc, goethe, ÖSD.
However due to past difficulties to obtain interested employers and having a successful recognition process we kindly recommend emigrating to Germany with a B2 language certificate.

We shall reimburse the cost of language training up to euro 450 per candidate. The language course will be arranged by 27 th Lane Business Hub for a nominal fee of LKR 150,000 till B2.

The total number of this job order is 50 nurses to be deployed in 2026 and 2027.
This order might be expanded.

Best regards,

Andreas Schick

ANNEXUM FOR SALARY, TAXES AND SOCIAL INSURANCES IN GERMANY

EXPLANATION OF SALARIES OF NURSES

Salaries of nurses in Germany are negotiated between labor unions and with representatives of public employers regularly. The result of the negotiation is the contract of tariffs of publicly employed personnel (TVÖD) - which in the case of nurses is found in the table P. Before recognition nurses are allocated to P6-1 and after recognition to P7-2. After certain years in each category the salary increases e.g.:

P7-2: 3414 Euros / 2-3 years

P7-3: 3600 Euros / 3-4 years

P7-4: 3890 Euros / 5-6 years

<https://oeffentlicher-dienst.info/c/t/rechner/tvoed/p?id=tvoed-p-2025&matrix=1>

The above stated salaries are valid until the 30th of April 2026.

GENERAL EXPLANATION OF INCOME TAXES

Every gross salary in Germany is subject to income taxes (**Lohnsteuer**). These taxes are progressive and are dependent on various factors like tax classes.

Tax class 1: Professional / no husband/wife in Germany

Tax class 2: Single mother or father

Tax class 3: Preferential class for main earner / partner will have class 5

Tax class 4: Both partners earn the same amount and both have class 4

Tax class 5: High tax class for lower earner in a family in combination with class 3

Tax class 6: Second job - (very high)

AND SOCIAL SECURITY INSURANCES IN GERMANY

Every employee in Germany is obliged to pay social security taxes. These are:

A: public health insurance - Gesetzliche Krankenversicherung

B: public pension insurance - Rentenversicherung

C: public care insurance (in case of disability or for elderly care) - Pflegeversicherung

D: public unemployment insurance - Arbeitslosenversicherung

Below is a calculation of the deduction of an assistant nurse salary:

Gross salary: 2930 Euros

- A: public health insurance: 250 Euros

- B: public pension insurance: 272 Euros

- C: public care insurance: 70 Euros

- D: public unemployment insurance: 38 Euros

TOTAL SOCIAL INSURANCES: 631 Euros

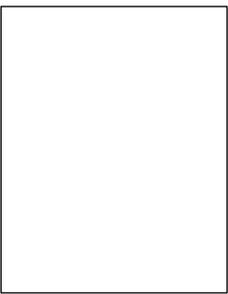

= Net salary: 2012 Euros (Tax class 1)

The employer (Arbeitgeber) also pays these insurances (613 Euros) however these payments do not appear in the income statement. Therefore the "real" gross salary paid by the employer is 3543 Euros of which 1245 Euros is social insurance and 286 Euros is income tax leading to a net income of 2012 Euros.
